

# GOAL 2023 -2026

## GOALS CREATED IN OUR BID TO SUPPORT URGENT RESPONSE TO ACCELERATE FOOD PRODUCTION

Assist in the establishment and support of commercial (scaled up) food production across Liberia counties based on ecological compatibility.

- A) Increase Cassava production by 80,000 Metric tons, (Counties already Identified) in 3 years
- B) Reducing rice importation of 380,000 metric tons by 20% within 3 years with production of Lowland Paddy rice.
- C) Producing 40,000 Metric ton of corn, to meet local and industrial need in Liberia within 3 years
- D) Produce vegetables to meet local demand across major Liberia cities and support early income generations for farmers.
- 2. Facilitate Quality value additions that would meet international standard and enable Liberia agricultural products compete favorable in the international markets.
- 3. Assist in creation of about 4,300 new jobs (4,000 in direct crop production and 300 in agribusiness) at the initial stage and “When the program is replicated in all counties job creation impact would be in multiple of 15 digits”

**AgriLink engaged in local agribusiness partnership with the Dehyonkuan Agro Crop Inc.**

**AgriLink Liberia Inc innovatively encouraged and supported the production of the 3,328 acres of cassava in Rivercess county, being the first of its kind step towards commercial cassava production under a local agribusiness company.**

**We are looking forward to harvesting in October and in January and processed to values for profitable marketing.**

- 
- **Agrilink invested with Dehyonkuan Agro Crops to purchase cassava cuttings for 1,328 acres to complete the production of 3,328 acres cassava in Rivercess county. Agrilink also supported funding of partners to help facilitate meetings, transportations, feeding farmers registration and administrative activities.**

Agrilink invested in digital database development of participating farmers in 28 villages through Dehyonkuan Agro Crops Inc in a bid to organize the farmers in the various villages for efficient record keeping, empower our stakeholders with insights, advance farmers operation.

Agrilink Liberia Group of Companies Inc established connections with the Liberia Ministry of Agriculture, got accreditation and enjoyed duty waiver to bring in 2 tractors and other farm equipment in a bid to support crop production.

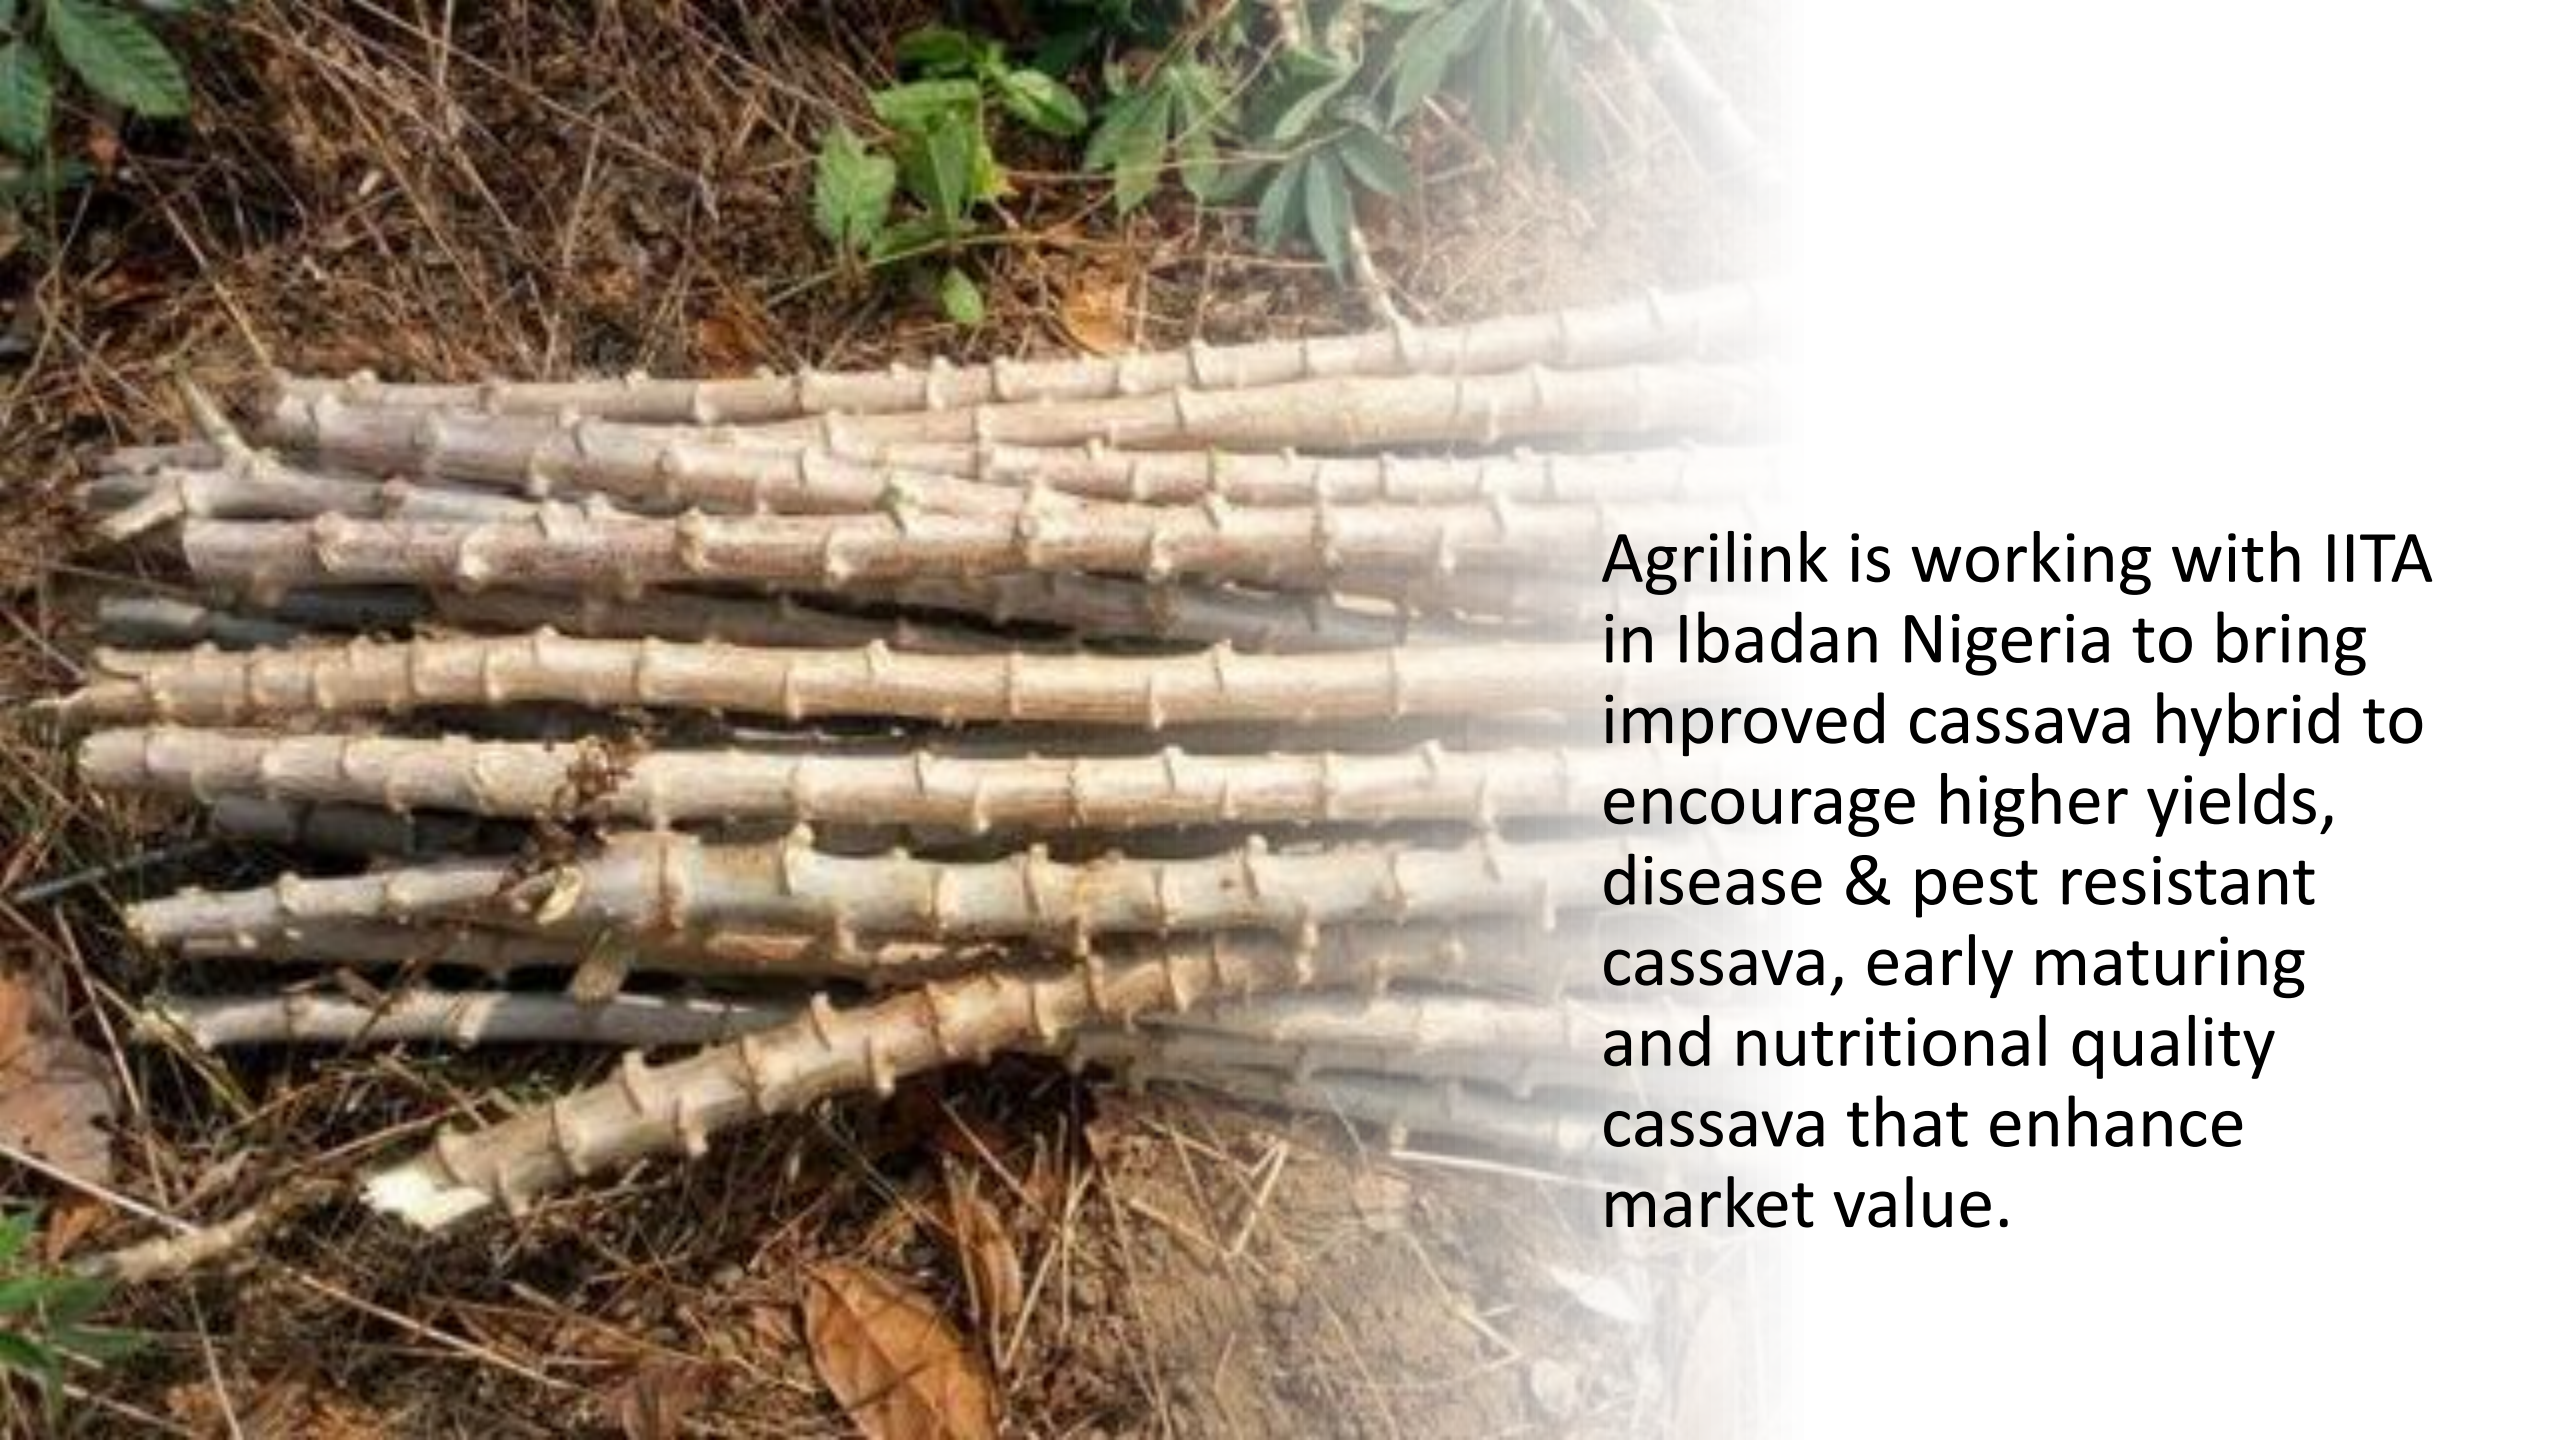

**Isaac Trobeh** -Dehyonkuan Agro Crop CEO posed with Agrilink tractors

Agrilink established connections with the National Cassava Coordinating Committee (NCSCC) and still working on strategies to mobilize huge investment to support more collaborative activities in the cassava sector of Liberia.

Agrilink is working with IITA in Ibadan Nigeria to bring improved cassava hybrid to encourage higher yields, disease & pest resistant cassava, early maturing and nutritional quality cassava that enhance market value.

**Agrilink continue to build structures at the local & county levels towards a solid foundation for private investment that would not divert our focus and resources from our core mission, nor create a potential distraction from our strategic goals.**

**LITTLE LIBERIA,  
RIVERCESS COUNTY**

**DADUAO TOWN, GRAND BASSA COUNTY**

**GBORNEE CLAN, GRAND BASSA COUNTY**
